KITA TIDAK MUNGKIN PERGI DARI SINI DENGAN TANGAN KOSONG! JIKA GEROMBOLAN PENJAHAT ITU LEBIH HEBAT, KITA AKAN DICORET DARI DAFTAR!

TAPI KITA MAU CURI APA?

PERLENGKAPAN TEMPAT TIDUR! ITU... BANYAK SEKALI! BARANG ITU MAHAL JUGA, TAMPAKNYA!

HORE! AKHIRNYA KITA BISA TIDUR DENGAN SE-LIMUT YANG BAGUS!

KEMUDIAN...

SEMUA SUDAH DIMUAT? BAGUS! SEKARANG KEM. BALI KE MARKAS!

KEESOKAN PAGINYA...

APA YANG HARUS KITA LAKUKAN SEBENARNYA DENGAN SEMUA INI?

AKU PUNYA SUATU IDE! MARI KITA TIDUR LAGI SE-MALAMAN HI! HI!

PADA SAAT INI KITA TIDAK MEMBUTUHKAN LELUCONNYA YANG TIRAK LUCU, 176-671!

TERLALU MENARIK PERHATIAN!

HEE, KAMU HARUS MELIHAT DULU SELEBARAN PANDUAN WISATA INI! APAKAH INI TIDAK MENARIK BAGIMU?

YA TENTU! KITA SUDAH LAMA TIDAK KE DORREMOLINOS LAGI!

BUKAN ITU MAKSUDKU, TOLOL! AKU BERTANYA - TANYA DARI MANA SEMUA HOTEL YANG MEWAH ITU MENGAMBIL PERLENGKAPAN TIDUR MEREKA?

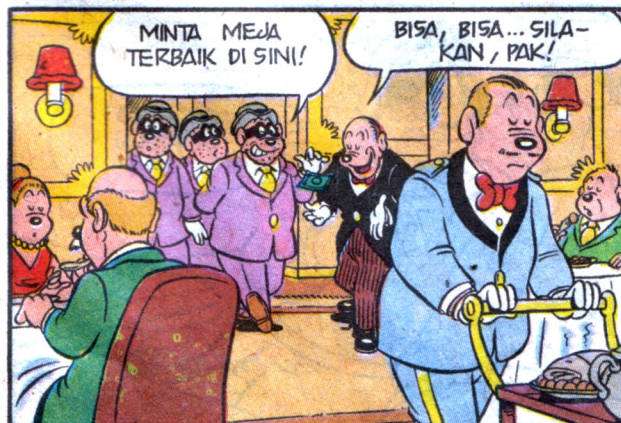

BAGUS! KITA CARI SEBUAH HOTEL YANG SEDANG DIBUKA DAN KITA JUAL SEMUA PERLENGKAPAN TEMPAT TIDUR KITA KE SANA!

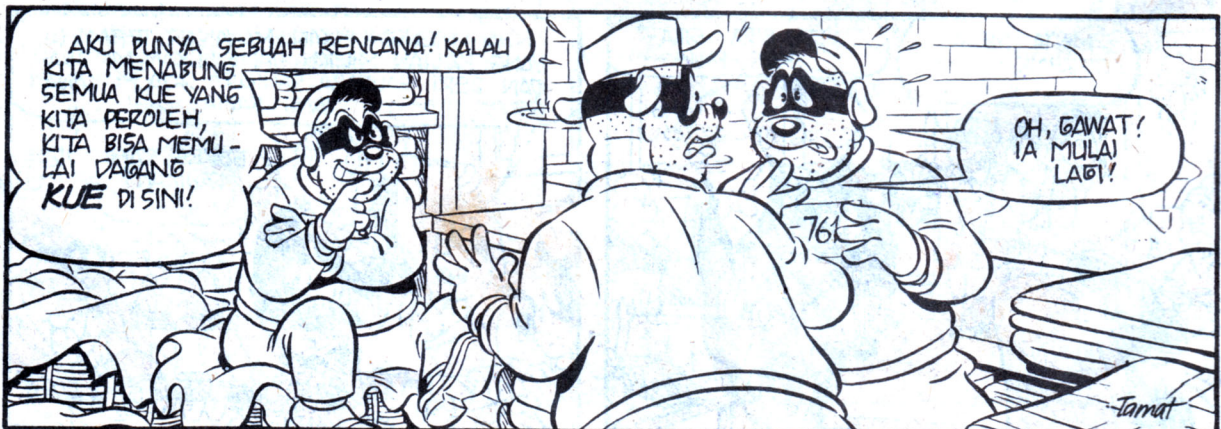

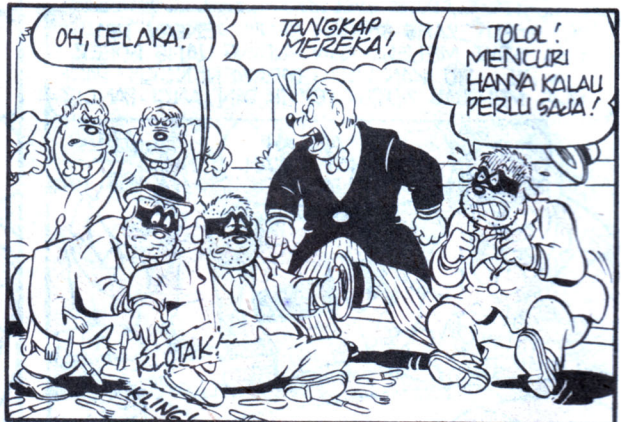

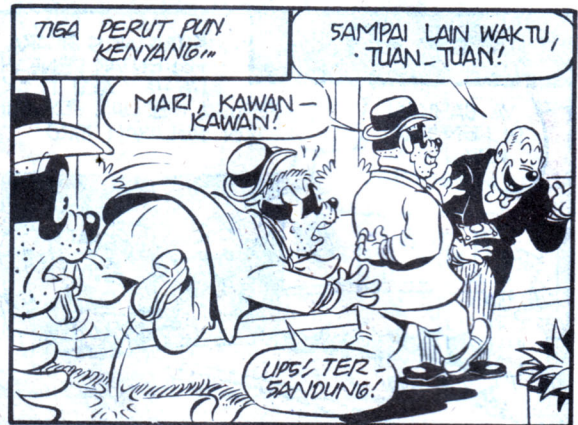

BETUL! KITA TIDAK USAH MENCURI YANG KITA TETAP MENDAPATKANNYA!

Kambing

Theo Schildkamp

Binatang pertama yang dipelihara orang adalah anjing. Yang kedua, kambing. Anjing adalah binatang pendong. Dia menemani manusia dalam perburuan, dan di rumah menjaga rumah majikannya.

Kambing seperti toko berjalan. Dia menghasilkan daging, wol, kulit dan susu. Selain itu kotorannya bisa untuk pupuk tanaman di ladang. Binatang ini tidak banyak menuntut. Di bawah pengawasan seorang penggembala, dia mendapatkan cukup makanan di alam bebas. Kewanan kambing adalah harta yang terpenting untuk manusia.

Kambing yang ada di negeri Belanda adalah keturunan kambing yang liar, terutama dari Asia. Di negeri Belanda kambing tidak lagi dipelihara untuk diambil susu maupun dagingnya. Tetapi hanya untuk sifatnya yang lucu. Jadi kambing tidak perlu lagi. Lagi pula orang sekarang tidak mempunyai cukup tempat untuk seekor kambing. Kambing kerdil kita temukan di Afrika, di mana mereka hidup dalam kelompok besar.

Kambing kerdil atau mini adalah binatang yang sangat lucu dan ramah, dan terdapat dalam macam-macam warna. Tingginya tidak lebih dari 50 atau 60 sentimeter. Mereka pandai membuat kapriol-kapriol (lompatan-lompatan kecil).

Di negeri Belanda Kambing semacam ini jumlahnya kira-kira seratus lima puluh ribu.
